UNIPOLSAI SUPPORTS ECOPATENTE THE PROJECT TRAINING YOUNG PEOPLE TO DRIVE SAFELY AND WITH RESPECT FOR THE ENVIRONMENT

Rome, 12 May 2015 – This year UnipolSai renews its support for Ecopatente, the initiative created and managed by CSE Italia and promoted by the Ministry of Infrastructure and Transport, the Ministry of Environment, as well as the Presidents of the Chamber of Deputies and Senate of the Republic.

Now in its sixth edition, Ecopatente aims to promote the awareness of environmental issues and the environmentally-friendly use of vehicles among young people and expands on topics that the Unipol Group has been carefully monitoring for years, thus offering a concrete and tangible way to build a more ethical and fair relationship with the youth of today - the adults of tomorrow.

It was on the basis of these considerations that UnipolSai decided to once again support this project. Ecopatente is, in fact, perfectly in line with the Group's values and Sponsorship Program, which has always resulted in projects for the benefit of future generations, the enhancement of the historical and cultural heritage of the country and environmental sustainability.

Because for Unipol, thinking of people's future also means thinking of what people love: the environment.
